

John Collins Consulting

John Collins MA, Dip. Ed., BA (Hons), CMS (dist.), DPSN, RPN, RN, Doctoral Student

As a Registered Psychiatric Nurse who has worked in Psychiatry and Mental Health for the last 30 years, John Collins specializes in providing psychiatric nursing education and practice consultation to individual psychiatric nurses, their employers and regulatory bodies. John Collins Consulting (JCC) offers a variety of psychiatric nursing education modules and programs to assist registered psychiatric nurses (RPNs) in their practice or to provide an orientation to psychiatric nursing practice in Canada for Internationally Educated Nurses (IENs). These programs also serve the purposes of providing support to RPNs who face challenges in their practice or want to change their area of practice (e.g. moving from geriatric psychiatry to acute care or vice versa). **A Consultation Program is also available for those preparing to write the Canadian Registered Psychiatric Nursing Exam.** John has an excellent track record in steering psychiatric nurses to success in this exam. Please contact John Collins Consulting at any of the contacts below for further information about these services.
